

REMARKS

Claims 1-73 are currently pending in this application. The foregoing amendment amends claims 45-65 to clarify that the program is embodied in a computer-readable recording medium and to correct typographical errors in claim 62. The amendment is supported throughout the applications. *See e.g.* [0141], [0206], [0261]. For the reasons set forth below, the applicant believes that the rejections should be withdrawn and that all of the claims are in condition for allowance.

CLAIMS 47-65 ARE DIRECTED TO STATUTORY SUBJECT MATTER

The Examiner rejected claims 47-65 under U.S.C. 101 alleging that the claimed invention is directed to non-statutory subject matter. The foregoing amendment clarifies that claims 47-65 are directed to a computer-executable program stored on a computer-readable recording medium, which is statutory subject matter
